

## PRINCE EDWARD ISLAND.

The undermentioned duties are Island Currency, (see Currency.) This, of course, affects the rate on the articles charged with specific duty only.

If the duties on any importation of goods exceed £10, (\$32) and do not amount to more than £30, (\$96), a credit of 3 months is given therefor; and if the said duties exceed £30, a credit of six months. Bonds for securing the payment of these duties bear interest on the amount thereof at the rate of six per cent per annum.

Drawback equal to the whole duty paid or payable is allowed on the exportation of all dutiable articles.

Duties on American Invoices are regulated according to the value of the greenback dollar, "to be determined weekly."

The rate of exchange fixed on August 14th, 1866, viz., 4s. Island currency for each American dollar,—which represents gold at 150,—is intended to be continued, unless any great change in the value of gold should occur.
