, Pages 13 and 14 are transposed. Page 52 should follow page 55.

The "Recapitulation" of the Revenue and Expenditure of the Provinces should be at the end of page 27 instead of 25; and the "Statement of the Debts of the Provinces, per head," should be at the head of page 25 instead of 28.

The Statement of Public Debt on page 28, referring to the particular description of Debt mentioned in the recapitulation of page 24, should be at top of page 25. The total Public Debt of British America per head is on page 94.
