

17,761, or an increase of 1,046 on the previous year, an increase of 17,755, an increase of 145. The total number of teachers employed was 414 males and 507 females; in winter, an increase over 187) of 55 (although a decrease of 12 was shown in the male teachers), and in summer 335 male and 567 female, an increase of 5 altogether, but a decrease of 35 in the male teachers. The sums expended on teachers' salaries were \$90,933 derived from the Provincial Government, being an increase of \$3,513; and \$118,545 from local sources, an increase of \$9,965, or a grand total of \$209,473; and increase of \$7,008. Total expended by Provincial Government—\$193,972. There were, besides, 12 county grammar schools, with 672 registered pupils in winter and 634 in summer, and an average attendance of 412,

a little over one-fifth of the pupils being, however, under 10 years of age. On these was expended by the Province \$6,234, and from local sources \$1,845—total, \$11,129. In October, 1870, there were 24 teachers enrolled in the training school; in January, 1871, 35; in April, 42; and in October, 48. In 1871, 24 first class, 61 second, and 62 third class diplomas were granted. Of these 121 were to female and only 29 to male teachers.

We are unfortunately not in possession of the statistics of progress made in Nova Scotia or the newer Provinces. It will be seen by reference to the synopsis of legislation elsewhere that Manitoba has made provision for a system of schools, and the Dominion has made an ample grant of land to provide for their sustenance.

Public Accounts of the Dominion.

The Public Accounts as laid before Parliament do not bear later date than the end of the fiscal year June 30th, 1871, that is the same date as the statements published in the Year Book of last year. Monthly statements are, however, published in the *Canada Gazette*, and from these we compile the table which we subjoin of the Revenue of the Dominion for the fiscal year ended June 30th, 1872:—

The expenditure of the Dominion, compiled from the same source, showing the payments by months is as follows:
