

Comparing these figures with those of 1874, we find that the premiums for 1875 received by the British companies, were \$8,512 less than in 1874, while the losses were \$17,183 more. The premiums of Canadian companies increased \$68,402, and the losses \$7,513, and of the United States companies the decrease in the premiums was \$23,913, and the increase in the losses was \$11,114. The total premiums of 1875 amounted to \$2,882,287, an increase on the year of \$37,881, only about 1½ per cent., while the increase on the Canadian business alone is nearly 11 per cent. The total amount at risk in Canada in 1875, as com-

pared with 1874, shows, as regards British companies, a decrease of \$406,260; Canadian companies, an increase of \$2,352,977, and of the United States companies, a decrease of \$2,621,778, and on the whole insurance of the year, a decrease of \$67,071 at risk. The business itself is very large, the amount of new policies in Life Insurance alone being \$2,882,375.

There were five Accident Insurance Companies doing business in Canada in 1875, one Guarantee Company, and a Plate Glass Insurance Company, the amount of whose business will be seen by the following table:

TABLE V.

ACCIDENT AND GUARANTEE INSURANCE, 1875.

Companies.	Premiums of Year.	No. of Policies.	Total Revenue Premiums and Interest.	Amount at Risk.	Losses.	Balance on Hand.
Accident Ins. Co. of Canada.....	\$ 21,015	1,773	\$ 23,134 Amt of Policies of Year. 1,489,900	3,852,500	1,035	35,443
Citizens' Ins. & Investment Co.	9,954	708	.....	1,563,500	2,774	.....
Sun Mutual of Montreal.....	.....	1,020	1,217,500	1,176,500	1,000	.....
Toronto.....	No	return	separate	from the	Life	Insur.
Travellers of Hartford, U. S.	70,347	8,423	22,708,000	Unknown	81,538	.....
Canada Guarantee Co.....	29,852	671	1,482,500 Revenue 32,990	2,100,000	7,400	53,585
Metropolitan Plate Glass Co....	1,390	83	.....	19,840	\$14	.....

The Inland Marine Insurance is confined principally to Canadian companies, only one British and two American companies doing Marine Insurance in the Dominion. The business of the Canadian companies is both Inland and Ocean, the premiums for which during 1875 amounted to

Inland .....	\$218,554
Ocean .....	111,119
General .....	18,386
	\$348,059

Of this, more than a third is done outside of the Dominion. The following table gives the figures of this branch of Insurance:
