† Including all those British Possessions and a few foreign countries between which and Canada there is not a direct money order exchange.

From the above table it is seen that the principal money order business with other countries is transacted with the United States, the United Kingdom and Newfoundland. Since the year 1876, inclusive, the amount of money sent by this system to the United Kingdom has exceeded the amount payable in Canada by \$5,746,123; during the same period, however, the amount sent to the States has only exceeded the amount received by \$260,195, while the amount received from Newfoundland has exceeded that sent to the Island by \$300,198.
