†Glassware only.

Increase
and de-
crease.

331. There was an increase of \$10,537,847 in the value of domestic exports in 1892, as compared with 1891, the principal increase being in exports of animals and agricultural products, and amounting to \$11,073,535. There was also a small increase of exports of products of the mine. There were small decreases under the other heads, the largest being in manufactures of wood and products of the forest. The increase in wheat amounted to \$5,364,767, in peas to \$1,417,933 and in oats to \$2,111,339.

Exports of
Canada
since Con-
federation.

332. The next table is a statement of the value of the exports in every year since Confederation, distinguishing those of Canadian produce and manufacture in each class from the total foreign exports:—
