1138. The expenditure has exceeded the revenue continuously during the last twenty-six years, but the excess of expenditure has been decreasing during recent years, having been \$15,678 less than in 1892. The revenue, which has been steadily increasing for several years, showed a further increase of \$153,451. It is estimated that the annual loss through the free transmission of newspapers cannot be less than \$100,000. When the long distances that have to be covered in this country are considered, as well as the comparatively scanty population of many parts of it, particularly in the North-west Territories and British Columbia, it will easily be understood that it must be some time yet before the revenue can either balance or exceed the expenditure. The successful development of the country has required, and will for some years, require continual additions to and extensions of the postal system, and in order to provide postal facilities proportion-
