INDUSTRIAL ESTABLISHMENTS.

269. The census definition of an industrial establishment is "any place where one or several persons are engaged in manufacturing, altering, making up or changing from one shape into another, materials for sale, use, or consumption." This definition is the one which guided the enumerators in the census of 1891, and also in the census of 1881 and 1871.

The object aimed at in each of the three census-takings is the same, viz., to obtain full statistics of the small as well as of the large industries of the
