

Take Toronto. The value of her manufactures increased by \$25,400,941, or more than Montreal by over \$4,500,000. Population, however, increased more rapidly than manufacturing and, therefore, though in 1891 the output was \$248 per head against \$203 in 1881, the population increased 88 per cent, against an increase in manufactures of 22 per cent on a per head basis.

MANUFACTURING development of the Cities, Towns and Villages of Canada.

CITIES AND TOWNS HAVING OVER 5,000 INHABITANTS.

i Stands for increase. *d* Stands for decrease.

NAME.	Total Output of Manufactured Products.		Output per head of Population.		Changes in Population.	Changes in output per head.	(p) Population increased faster than manufacturing. (m) Manufacture increased faster than population.
