continue to hold the first five places in the order named. Peterborough has stepped up from ninth to six place and Ottawa has dropped from sixth to seventh. Vancouver retains the eighth rank, and Brantford drops from seven to ninth. Berlin retains the tenth place. Sault Ste. Marie has displaced Kingston for the eleventh place, and Kingston, Amherst and Sydney are at the foot. But when ranked according to increase in the value of products the order is to some extent changed. Montreal and Toronto are yet in the first and second places; but Winnipeg and Peterborough take rank before Hamilton, and Vancouver and Sault Ste. Marie before London. In the fourteen cities and towns the increase in the value of manufactures in the five years is \$112,419,041, or 58 per cent. Montreal's increase is 40 per cent and Toronto's is 47 per cent. Adding to these cities the value of products for works employing less than five hands in 1905, Montreal's total is \$100,433,764 and Toronto's is \$86,838,101.

The general outlook for the century.

The evidences of the growth of Canada in the twentieth century found in the statistics of manufactures, of railways, banking and commerce are for the whole Dominion, and they show a surprising record of expansion. The census of population and agriculture in the Northwest provinces shows if possible development on a larger scale, and while it will not be claimed that
