Quebec.....	76,325,000	106,248,000	69,901,000	88,589,000	99,279,000
Ontario.....	149,607,000	195,764,000	198,715,000	167,835,000	196,220,000
Manitoba.....	42,800,000	76,548,000	71,647,000	64,557,000	65,528,400
Saskatchewan.....	74,755,300	115,426,000	115,813,000	129,376,000	152,751,500
Alberta.....	16,150,000	48,475,000	44,503,400	46,712,000	59,779,600
British Columbia.....	6,746,000	11,496,000	10,593,000	11,069,000	11,463,000
Total.....	396,635,240	597,926,000	557,344,100	552,771,500	638,580,300

Note.—In 1914 the total areas estimated to be sown to field crops amounted to 35,102,175 acres; but the productive surface in the Northwest provinces was reduced by the following areas of crops which failed in consequence of the drought: Wheat 728,100 acres, oats 753,000 acres, barley 102,000 acres, flax 79,000 acres; also sugar beets, 2,000 acres in Alberta and 1,400 acres in Ontario.

Farm Live Stock.—At the Census of 1911 records were taken of the numbers of the principal descriptions of farm live stock as at June 1 of that year. From these data have been estimated the number of animals in 1912, 1913 and 1914 by application to the census figures of 1911 for 1912 and to the estimated numbers of 1912 for 1913 and 1913 for 1914 of the average percentages reported by correspondents on June 30 each year. The results are given in Table 4, with, for comparison, the estimate of 1910.
