<sup>1</sup>Including \$900 value of other products.

**Orchards and Gardens.**—Table 16 shows that from 1891 to 1901 there was a decrease of 25,265 acres in the area devoted to orchards, but that from 1901 to 1911 there was an increase of 47,490 acres. Vineyards had an area of 9,836 acres in 1911 as against 5,600 acres in 1901, being an increase of 4,236 acres in the ten years. The combined area of small fruits and vegetables in 1901 was 116,517 acres, as compared with an acreage in 1911 of 223,506, of which 17,495 acres were in fruit and 206,011 acres were in vegetables. The total area under orchards and gardens increased by a little less than 3 p.c. in the ten years 1891 to 1901, while the increase from 1901 to 1911 was about 33 p.c. Table
