NOTES.

The statistics of manufactures in 1891, 1901 and 1911 are for works employing five hands and over, except in the case of butter and cheese factories, flour and grist mills, electric light plants, lumber, lath and shingle mills, lime kilns, brick and tile works and fish preserved. The figures in 1891 for all industries are as follows:—Capital \$354,620,750, number of employees 370,256, salaries and wages \$100,663,650 and value of products \$476,198,886.

In the foregoing Summary the statistics of immigration, fisheries, trade, shipping, the Post Office, the public debt, revenue and expenditure and the Post Office and Government Savings banks relate to the fiscal year ended June 30 in 1901 and ended March 31 in 1911-15. Mineral, banking, insurance and loan companies' statistics relate to the calendar years and railway statistics to the years ended June 30. The statistics of population, agriculture, dairying industries and manufactures are either those of the Census from 1901 to 1911, or are estimates based thereon for 1912 to 1915. Canal statistics are those of the navigation seasons. The telegraph statistics relate to the fiscal years for Government lines and to the calendar years for other lines.
