

(a) Corps Reserve, which consists of reserve units of city and rural corps of qualified officers, who are not to exceed in numbers those authorized for the training establishment of the corps concerned, and of warrant officers, non-commissioned officers and men who have completed not less than three annual trainings and who desire to transfer to, or re-engage in a reserve unit.

(b) The Reserve of officers, which is made up of qualified officers who transfer from the active list after a certain period of service in their rank.

**Military Districts.**—For the command, training and administration of the Canadian Militia, Canada is divided into eleven military districts, each under a commander, assisted by a district staff.

**Militia Appropriations.**—The militia appropriations for the four fiscal years ended Mar. 31, 1921-24, are shown by items in a table on p. 913 of the 1922-23 Year Book. They aggregated \$12,802,238, \$12,563,751, \$10,851,779, \$10,798,918, for these respective years, as compared with \$9,757,770 for the fiscal year ending Mar. 31, 1925.

Some changes were made in the classification of the Militia Estimates for the fiscal year 1924-25, as submitted to Parliament, with a view to a more logical arrangement whereby the main functions and activities of the militia services could be determined at a glance. Certain of the former appropriations have therefore been combined under new votes (or main purpose heads) as indicated in Table 7.

#### 7.—Militia Appropriations for year ending March 31, 1925.
