

transportation in the remoter parts of the country for many branches, and special flights for the customs and immigration authorities, the Royal Canadian Mounted Police, etc.

The sum included in the estimates for 1924-25 for the Royal Canadian Air Force was \$1,300,000.

#### 4.—The Royal Military College.

The Royal Military College of Canada was founded in 1876 by the Honourable Alexander Mackenzie, Prime Minister of Canada. Since its foundation, 1,710 gentlemen cadets have been enrolled; of this number 146 are now in attendance and approximately 175, though their names appear on the college roll as having been admitted, either did not actually do so, or if they did join, were only at the college a very short time.

The Royal Military College has a very distinguished record in connection with the war. Of the 914 graduates and ex-cadets who served, 353 were granted commissions direct from the College, and 43 enlisted with a view to obtaining commissions; 138 ex-cadets were reported as killed in action, dead of wounds, or missing. Ex-cadets of the College won the following honours and decorations: 1 Victoria Cross and 3 recommendations for the Victoria Cross, 106 Distinguished Service Orders, 109 Military Crosses, 2 Distinguished Flying Crosses, 62 other British decorations, 42 foreign decorations. Three Canadian and one Australian Divisions were commanded by graduates of the College. The graduates who served in the war included 1 Lieutenant-General, 8 Major-Generals and 26 Brigadier-Generals.

The establishment of the College, as stated in the Act of 1874 (37 Vict., c. 36), was "for the purpose of imparting a complete education in all branches of military tactics, fortifications, engineering and general scientific knowledge in the subjects connected with and necessary to a thorough knowledge of the military profession, and for qualifying officers for command and staff appointments." In addition to the foregoing, the course of instruction is such as to afford a thorough practical and scientific training in civil engineering, surveying, physics and chemistry, English and French. Strict discipline, combined with physical training, riding, drill and outdoor games, forms part of the curriculum.

The College is situated on a beautiful peninsula, one mile from Kingston, with the Cataraqui river on the one side, emptying into the St. Lawrence river at its junction with lake Ontario, and Navy bay on the other. The grounds include about 500 acres. The buildings of the College proper are situated on the above-mentioned peninsula, comprising 60 acres. The remainder of the grounds, on which stands the historic fort Henry, are at the disposal of the College for use as a training area. On the point of the College peninsula is situated fort Frederick, built in 1837, when Kingston became the capital of Canada, the fort comprising a portion of the defences of Kingston. The College is under the supervision of Militia Headquarters, which appoints annually an advisory board composed of leading Canadian citizens, both civil and military. The staff is composed of a commandant and a staff-adjutant, assisted by a competent staff of civil and military professors and instructors.

A four years' course leads to a "Diploma with Honours" or "Diploma" and "Certificate of Discharge." A number of commissions in the Canadian Permanent Force, as well as commissions in the Royal Artillery, Royal Engineers and other branches of the regular British Army are annually offered to graduates. To
