

**The Foreign-born Population.**—The classification of the foreign-born population shown in the above table according to birthplaces has been made on a post-war basis, the statistics of 1911 having been revised to correspond with the territorial re-arrangements consequent upon the World War of 1914-1918 and existing at the date of the census, June 1, 1921. The following statement shows the various transfers of territory between 1910 and 1920, which had to be taken into account in constructing tables which would give fairly accurate comparative statistics of country of birth of the alien-born population of Canada in 1911 and 1921. In order the more readily to locate the countries affected by the changes, they are arranged by geographical groups as follows:—
