

same date was \$1,215,135,191. In addition, policies amounting to \$566,007,877 were effected during the year 1924, the latest year for which information is available, by companies, associations or underwriters not licensed to transact business in Canada.

Table 71 shows figures of the growth since 1869 of companies holding Dominion licenses and Table 72 illustrates the business done in Canada by individual companies during the year 1925, while in Tables 73, 74 and 75 are given figures of the assets, liabilities and income and expenditure of companies of various nationalities during the years 1921 to 1925. A close study of the various items included in these tables will afford an excellent idea of the type of business transacted by these various groups. A further summary of business by provinces is given in Table 76 for the years 1924 and 1925, with premiums and losses shown by nationality of companies. Further, a general summary of the business transacted by both Dominion and provincial licensees is given in Table 77, with business by unlicensed companies added in Table 78.
