

Netherlands \$2,897,771; British India \$2,574,678; Brazil \$2,459,088; Greece \$2,313,363; Irish Free State \$1,328,997 and France \$1,267,970. It will be noted by reference to the statistics in the following table giving "Canada's Domestic Exports to Forty Leading Countries, 1927", that the United States and the United Kingdom took 72.9 p.c. of the exports. The United States has moved into first position once more, the United Kingdom being second. Of the other leading markets for Canadian products, Germany in 1927 occupied third place, moving up from fourth, and Japan fourth place, moving down from third. The Netherlands has moved from sixth to fifth place, and Italy has moved from eleventh to sixth place. Belgium occupied seventh place as last year. Australia has moved to eighth from ninth place, France from tenth to ninth place, while New Zealand has moved down to tenth place from eighth, and China to eleventh from fifth place. Argentina and Newfoundland occupied the same positions in 1926 as in 1926, viz., twelfth and thirteenth, while British India has moved to fourteenth place from sixteenth, and British South Africa from fourteenth to fifteenth place.
