## 6.—Fatal Industrial Accidents.

Statistics of fatal industrial accidents have been compiled by the Dominion Department of Labour since 1903, the data being obtained from provincial Workmen's Compensation Boards, the Board of Railway Commissioners for Canada and various other governmental authorities, from certain large employers of labour, from departmental correspondents and from press clippings. Table 5 shows the number of fatal industrial accidents reported to the Department during each year from 1922 to 1926 inclusive. The number of fatalities in each of the different industries is also shown as a percentage of the total number.
