

stock over 53 p.c. and the value of the boot and shoe products (the seventh industry in order of value of products) over 60 p.c. Thus Quebec is an outstanding manufacturing province rather on account of her great individual industries than because of the diversification of her industrial activities.

11.—Statistics of Forty Leading Industries of the Province of Quebec, 1926.

Note.—Industries having less than 3 establishments are:—sugar refineries, aluminium products and bridge-building.
