<sup>1</sup> Provisional figures.

<sup>2</sup> Though Point Grey and South Vancouver were not incorporated into Vancouver until Jan. 1, 1929, their statistics are included in the figures for Vancouver for the years 1926-28.

**Comparative Crude Death Rates of Different Countries.**—In Table 27 will be found a comparative statement of the crude death rates of various countries and provinces for the latest available year. It is worthy of note that two Canadian provinces rank among the four countries or provinces with the lowest death rates in the list, and that Canada has a lower death rate than most other leading countries. The low death rates in the Prairie Provinces are in all three cases due in part to a favourable age distribution of population.
