<sup>1</sup> Revised since publication of 1933 Year Book.

Table 1 shows that in 1933 the estimated gross agricultural revenue of Canada was \$762,302,000 as compared with \$766,794,000 in 1932, \$836,114,000 in 1931, \$1,268,141,000 in 1930 and \$1,631,081,000 in 1929. The total for 1933 shows a decrease of \$4,492,000 or 0.6 p.c. as compared with 1932. The upward movement of farm prices since the above valuations were made suggests an upward revision for 1933 revenue when new figures are compiled in March, 1935.

**Wealth.**—Table 2 shows approximately, by provinces, the gross agricultural wealth of the Dominion in 1933.
