	Totals..... Estab., No. Receipts, \$	335 658,100	1,504 6,353,100	1,393 4,393,100	10,916 63,596,400

Retail Merchandising by Provinces.—The total sales made by 125,003 retail merchandising establishments in Canada in 1930 were \$2,755,569,900. In addition to these sales, the manufacturing bakeries and dairies reported retail sales of \$80,524,179, included in total retail trade (see Table 34 and chart on p. 673) but omitted in the figures of Table 36. Ontario led in amount of business with 39.92 p.c. of the total sales, although only 33.07 p.c. of the population of the Dominion resided in this province in 1931. On a per capita basis, retail merchandise sales show wide differences between provinces. The average for Canada on the basis of the 1931 population was \$265.55, but the per capita sales in Prince Edward Island were \$156.45, and in British Columbia \$358.07. It should be noted, however, that in these figures no allowance is made for the mail order or other sales outside the province.

36.—Retail Merchandise Trade in Canada, by Provinces, 1930.

Province.	Stores.	Proportion of Total Stores.	Employees.		Salaries and Wages.	Net Sales.	Proportion of Total Net Sales.	Stocks on Hand, End of Year (at Cost).
