¹ Includes exports of gold produced within the country. ² Totals include other countries not specified. ³ Index based on year 1928. ⁴ Excluding Manchuria from July 1, 1932. ⁵ For the year 1930. ⁶ Estimated from preliminary Canadian sources. ⁷ Indexes for individual countries not published in League of Nations Review, 1934.

Subsection 2.—Historical Statistics of Canadian Trade.

A general view of the trade of Canada in the fiscal years from 1868 to 1935 is furnished in Table 1 (p. 526), giving the imports of merchandise for home consumption, dutiable and free, and the exports of Canadian and foreign produce, the total trade as here given being the aggregate of the two. Necessarily, some difficulties have been met in maintaining comparable statistics through such a length of time, one of the most serious of these arising from the different methods adopted in dealing with exports of foreign produce. For example, the shrinkage in the exports of foreign produce since 1920 has been due to change of statistical
