Subsection 9.—Canada's Position in International Trade in 1934.

Canada's Position in World Trade, 1934.—Subsection 1 of this section presented a League of Nations' compilation, based on gold values, of the external trade of 21 leading countries of the world for recent years. Statement XIII deals with changes from 1913 to 1934 in the rank and value of the external trade of 10 leading countries, as compiled in the Dominion Bureau of Statistics, with values converted to Canadian currency. In this compilation exports of domestic gold are excluded from the trade figures, while they are included in the former League of Nations' statement.

Canada, during the calendar year 1934, somewhat recovered her place among the principal trading countries of the world. In export trade Canada moved from sixth place in 1933 up to fifth place in 1934 and, consequently, was exceeded in value of exports, in order of importance by the United States, the United Kingdom, Germany and France. In import trade Canada moved up to ninth place from eleventh last year and thus in 1934 she was exceeded in value of imports in order of importance by the United Kingdom, Germany, the United States, France, the
