

**Revenue.**—Table 12 shows the revenue accruing to the Departments of Transport (formerly the Departments of Marine and of Railways and Canals) and of Public Works from the operation of the waterways. No attempt has been made to collect from water traffic a return on the investment in waterways or the annual expenditure for their maintenance and operation. Since 1904 no tolls have been charged for the use of canals, whether by Canadian or foreign ships. The revenue arises from hydraulic, land, and other rents, elevator fees, earnings of steamers, graving docks, radio stations, etc. Since nearly all the chief ports are operated by the National Harbours Board or by separate commissions, the harbour dues accrue to those corporate bodies.

**12.—Revenue of the Dominion Government from the Operation of Aids to Navigation, Canals and Harbours, fiscal years ended Mar. 31, 1934-36.**

Item.	1934.	1935.	1936.
