¹ The first two items for Quebec are for 1934-35; all others in the table for 1935-36, but Ontario elementary figures in years previous to 1935 have been for the calendar year, not for the school year, hence have included over 40,000 duplications which are now removed.

² Schools for the blind, deaf, or mentally defective. These are boarding schools, and many of the pupils are from a province other than the one in which they are at school.

³ Included with "Universities and Colleges—Preparatory Courses".

⁴ Includes also those in the Departmental summer schools for teachers in Ontario and British Columbia, not held at universities or colleges.

⁵ Official estimate, see p. 155.

⁶ Includes 162 in ordinary day schools and 450 in Dominion Indian schools for Yukon and the Northwest Territories.

⁵ Includes 14,000 estimated population for Yukon and the Northwest Territories, under "expenditure".
