¹ Figures for 1933 are subject to revision. ² Figures for the decennial census years 1881-1921 are for the next preceding years. In the Censuses of 1881 and 1891 values only were given of factory butter and cheese, and quantities have been calculated by reckoning cheese at 10 cents per lb. and butter at 23 cents. ³ Revised since the publication of the 1938 Year Book. ⁴ 1907. ⁵ Previous
