

effected during the year ended Dec. 31, 1937. Table 14 gives the insurance death rates by classes of companies, and Tables 15, 16, and 17 show, respectively, the assets, liabilities, and cash income and expenditure of Canadian and other life insurance companies for the years 1933-37. Statistics of Dominion fraternal insurance are given in Table 18 and of Dominion and provincial insurance combined in Table 19, which shows that on Dec. 31, 1937, the total life insurance in force in Canada was \$6,841,958,943.

10.—Life Insurance in Force and Effected in Canada by Companies Operating under Dominion Registration, calendar years 1869-1938.¹

NOTE.—Figures for other intervening years between 1870 and 1890 are given at p. 958 of the 1933 Year Book.

¹ Figures do not include insurance in force and effected by fraternal societies operating under Dominion charters. The amount of insurance in force in such societies amounted to \$179,021,972 in 1938, according to preliminary figures. Corresponding figures for the years 1933-37 are given in Table 18, pp. 991-992.

² For estimates of populations upon which these figures are based, see p. 113. ³ During 1937 approximately \$85,000,000, and during 1938 approximately \$80,000,000 were transferred from insurance in force in Canada. These amounts represent mainly transfers to business out of Canada of certain reinsurances previously classed as Canadian business. They also include transfers to annuities of contracts providing for combined insurance and annuity benefits or options. ⁴ Subject to revision.
