**Breaches of Traffic Regulations.**—Convictions for breaches of traffic regulations (Table 17), which at the beginning of the century numbered only 185 in all Canada, have, as a result of the growing density and increasing use of motor vehicles, become the largest element in the non-indictable offences. Such convictions reached a record total of 288,688 in 1937, when they represented 69 p.c. of the total of 420,212 (see Table 14) summary convictions. Convictions for breaches of traffic regulations in 1937 showed increases in all provinces.
