

Grand Total Shipping Trade.—Both sea-going and coastwise shipping have shown marked expansion since 1923, although the effect of the depression is evident here also. It is noteworthy that the volume of coastwise shipping is the greatest, while sea-going is next in tonnage. Inland international shipping has varied considerably and showed a more definite decrease during the depression. The ferry between Sarnia, Ontario, and Port Huron, Michigan, making 19,167 round trips with a cumulative registered tonnage of 2,148,656 tons in and the same out, was excluded for the first time in 1938. This ferry was displaced by a bridge in 1938-39.

19.—All Vessels (Exclusive of Ferriage) Entered and Cleared at Canadian Ports, 1929-39, With Details by Provinces for the Fiscal Year 1939.

NOTE.—Totals for the years 1923-28 will be found at p. 702 of the 1938 Year Book.
