Air-Mail Services.—The total weight of mail carried by air throughout Canada during the year ended Mar. 31, 1939, was 1,822,399 lb., while the mileage flown was 3,711,987.

A noteworthy achievement was the inauguration of a through air-mail service via Trans-Canada Air Lines from Montreal to Vancouver on Dec. 1, 1938, with stops at Ottawa, Toronto, North Bay, Winnipeg, Regina, and Lethbridge. Connections to and from Calgary, Edmonton, and northern Saskatchewan cities are provided by feeder lines.
