

While primarily serving the Government, the Bureau realizes that, in a democratic community, every citizen is a part of the Government and should be well informed regarding the social and economic conditions of his country. Accordingly, the Bureau furnishes to all applicants answers to all manner of questions on all sorts of topics. In particular, it supplies to business men of all classes information regarding business conditions and statistics regarding production, imports, exports, prices, stocks, etc., of all kinds of commodities, thus enabling them to direct their operations more effectively to their own greater advantage and to the greater advantage of Canada. Special tabulations may be made, or other investigations carried out at a fee based only on the extra clerical costs to the Bureau.

Publications.—Items in the vote of the Bureau, passed by Parliament each year, provide limited funds for the printing and processing of reports and bulletins. Reports printed from type are set up by the King's Printer, but the Bureau itself operates its own contact printing presses and all processed reports and bulletins are completely printed as well as published by the Bureau of Statistics.

The present policy with regard to the distribution of publications is based on sales to the public at actual cost of paper and presswork only; compilation, editing and other overhead costs are not included. The object is to extend the service to the public as widely as possible and so spread the compilation and overhead which are the big items in total costs. A special subscription rate of \$30 per year entitles the payer to receive a copy of each publication as issued, with the exception of news bulletins. Other special rates are set for series of publications in related groups; these are referred to in the respective sections of the list following.

Applications for reports should be sent to the Bureau of Statistics; they should indicate the individual publication or series of reports in which the applicant is interested and include the necessary remittance in the form of a cheque or money order made payable to the Receiver General of Canada, Ottawa.
