<sup>1</sup> Less than one-tenth of one per cent.      <sup>2</sup> Including all Ruthenian Russians.      <sup>3</sup> This figure gives the number of children whose fathers and mothers have the same origin. The difference between this figure and the total number of births represents the number of children whose fathers and mothers were of different origins.      <sup>4</sup> This excludes the percentage of mixed parentage, i.e., parents not of the same origin.
