

20 fraternal orders or societies carried on accident and sickness insurance as well as life insurance business and 2 fraternal orders or societies carried on accident insurance only.

Table 23, which shows the division of business in this field between Dominion and provincial licensees, indicates that, as in the cases of fire and life insurance, the bulk of the business (about 88 p.c. in this case) is transacted by companies with Dominion registration.

Since, as indicated above, most of the companies carrying on miscellaneous insurance in Canada also transact fire insurance, their assets, liabilities, income and expenditures for all operations are included in the financial statistics of fire insurance companies given in Section 1, Subsection 3, of this chapter. Table 25 gives similar figures for the 11 Canadian companies whose transactions are confined to insurance other than fire and life. Similarly, in 1942, there were 3 British and 41 foreign companies whose operations were limited to the same field.
