

Financial Statistics.—Table 5 presents records of the finances of the boards operating provincial schools, in a comparable way, so far as this can be done with existing records.

5.—Financial Support of Provincially Controlled Schools in Canada, by Provinces, for Selected Fiscal Years 1926-42

NOTE.—The receipts shown in the following table do not include any amounts raised by loans, or the sale of bonds or debentures, as all revenue of this nature must be repaid ultimately with money raised by local taxation. With the exception of the Maritime Provinces, for which the information is not available, the total debenture indebtedness of the schools of each province is given annually, thus showing the net increase or decrease per year. Figures for 1914 to 1925 will be found at pp. 985-987 of the 1936 Year Book and those for intervening years from 1926 in the corresponding table of the 1937-42 editions.
