PART I.—MISCELLANEOUS PERMANENT ADMINISTRATION

Section 1.—Public Lands

In Table 1, summarizing the land area of Canada, items 3, 4 and 5 are obtained from Dominion Government sources and items 1, 2 and 7 from Provincial Government sources. In the majority of cases the area of provincial lands (item 6), as calculated by balancing the figures, agrees with the area as estimated by the Provincial Departments concerned. Thus, any differences reported from year to year in the area of lands alienated or in process of alienation are compensated for by the adjustment of lands still remaining under the Crown in the right of the provinces concerned.
