<sup>1</sup> Figures are subject to revision. <sup>2</sup> On farms only. <sup>3</sup> Figures for the decennial census years 1881-1921 are for the next preceding years. In the Censuses of 1881 and 1891 values only were given of factory butter and cheese; quantities have been calculated by reckoning cheese at 10 cents per lb. and butter at 25 cents. <sup>4</sup> Prior to 1921 this item does not include skim milk and buttermilk.
