

While the majority of persons included in the figures of Table 10 have been previously shown in the statistics of immigration, a certain number of deserting seamen are included who have, of course, never been included in the immigration statistics. This situation has become intensified during the war years.

Subsection 7.—Juvenile Immigration

Juvenile immigration, apart from children accompanying their parents, has not been a large factor since 1931, when the Dominion Government ceased to grant financial assistance for this particular form of immigration. An outline of juvenile immigration, including those children brought to Canada under the British Empire Settlement Agreement, is given at p. 121 of the 1941 Year Book.

Evacuated or 'guest' children, temporarily resident in Canada as a result of war conditions in the United Kingdom, are not included in the figures of Table 11.

11.—British Juvenile Immigrants, Fiscal Years 1921-44

NOTE.—Juvenile immigrants are, of course, included in the total number of immigrants recorded elsewhere. Figures for 1901-20 appear at p. 164 of the 1942 Year Book.
