Miscellaneous revenues relating to War appropriation.....		6,480	69,166	106,108

The capital expenditures made by commercial air carriers for property as reported for the end of 1943 are shown in Table 4. Dominion Government expenditures on airports across Canada included in the Trans-Canada Airway are not included in property account, nor are expenditures on military aerodromes. Statistics are not available regarding the investments in airports by municipalities and the figures given in Table 4 are therefore restricted.
