

**Infant Mortality in Urban Centres.**—Infant mortality rates in individual cities and towns usually vary widely from year to year. Many cities and towns have, however, maintained consistently low rates. Vancouver has a splendid record; Calgary, Toronto and Winnipeg have exceptionally low rates and Montreal has shown steady improvement. The greatest fall has been in Three Rivers, where infant mortality has been cut more than half in 1941-45 compared with earlier years.

**28.—Deaths and Death Rates of Children under One Year of Age (Exclusive of Still-births), in Urban Centres of 10,000 Population or Over, 1941-45**

NOTE.—Figures are by residence.
