## Subsection 3.—Statistics of Individual Chartered Banks

**Assets and Liabilities.**—"Cash Reserves Against Deposits" as shown in Table 16 represented the years 1935 (when the Bank of Canada was established), and 1943 to 1946, the total of Bank of Canada notes in the possession of the chartered banks together with their deposits at the Bank of Canada. For 1929 (before the establishment of the Bank of Canada), they represented the totals of the banks' holdings of gold and coin in Canada, Dominion notes, and that part of their deposits in the Central Gold Reserve not required against their note issues.
