

Marine insurance showed a very large increase in Canada during the war years and substantial profits resulted. The results for the years 1941 to 1945, inclusive, were as follows:—

	Year	Premiums	Losses	Under-writing Profits
		\$	\$	\$
1941.....		6,011,922	2,781,190	1,694,470
1942.....		14,295,543	7,983,963	3,855,415
1943.....		10,061,059	4,931,286	3,449,873
1944.....		6,754,361	2,172,418	3,243,889
1945.....		5,976,274	2,995,704	1,704,367

This class of insurance will, no doubt, figure more largely in the business of companies in post-war years, than it did before 1939.

25.—Casualty Insurance in Canada, 1945
