**PART III.—INTERNATIONAL STATISTICS OF POPULATION**

**Section 1.—Area and Population of the British Empire**

Statistics showing official estimates of the area and population of the British Empire by continents and countries are given in Table 52, pp. 141-142 of the 1943-44 Year Book.

**Section 2.—Area and Population of the World**

Statistics showing the areas and the populations of the various continents and details of each country, as in 1931, are given in a table at pp. 168-169 of the 1934-35 Year Book. The lack of statistical data and the dislocations caused by the War preclude the compilation of later information.
