¹ Exclusive of passengers carried between foreign stations. ² Includes employees other than crews.
³ Exclusive of freight carried between foreign stations which is included in totals. ⁴ For Canadian carriers only.

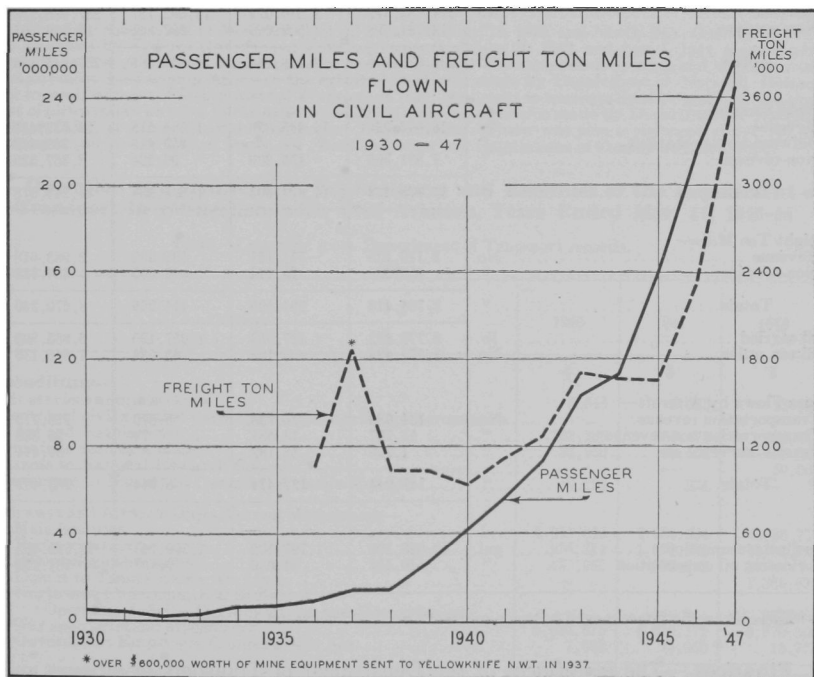

Table 5 shows summary figures for 1947 by type of carrier. For a definition of scheduled and non-scheduled carriers, see p. 790. Statistics for international carriers include traffic over Canadian territory for both Canadian and foreign operators; a small traffic across Canadian territory and between foreign stations is also
