Trade Marks and Shop Cards.—The Trade Marks Office, a Branch of the Department of the Secretary of State, is charged with the administration of the Unfair Competition Act, 1932, which repealed all previous Acts governing trade marks, and also with the Shop Cards Registration Act, which came into force on Sept. 1, 1938. Applications for registration of trade marks and shop cards should be addressed to the Registrar, Trade Marks Office, Ottawa.

A Register of Trade Marks is kept, in which, subject to the provisions of the Act, any person may cause to be recorded any trade mark he has adopted, and notification of any assignments, transmissions, disclaimers and judgments relating to such trade mark. In order that the public may be kept informed in the matter of trade-mark registration, a list of marks registered appears in the Canadian "Patent Office Record" which is issued weekly.

The Shop Cards Registration Act is designed to afford a measure of protection to organizations, such as trade unions, that formerly were able to register their particular designations as Union Labels under the Trade Mark and Design Act. Registrations under the Act may be renewed every 15 years.

Section 5.—Bounties, Subsidies and Subventions

In 1930 the Federal Parliament passed legislation entitled "An Act to place Canadian Coal Used in the Manufacture of Iron or Steel on a Basis of Equality with Imported Coal" (20-21 Geo. V, c. 6). In implementation of this Act bounties paid in the calendar year 1948 amounted to \$352,514 on a tonnage of 712,150.

The Domestic Fuel Act 1927 (17 Geo. V, c. 52) was passed to encourage the production of domestic fuel from coal mined in Canada. Under its provisions arrangements were made for annual payments to manufacturers of coke who used Canadian mined coal to the extent of 70 p.c. of the total coal used. In the administration of this Act \$11,392 was paid in subsidies on 11,392 tons in the calendar year 1948. This Act has now expired and the amount noted is the final payment under the provisions of the Act.

Subventions were paid on movements of coal under assisted rates as provided by Parliament as follows:—
