<sup>1</sup> For statistics of fraternal insurance, see pp. 1111-1113. <sup>2</sup> Based on estimates of population given at p. 155. <sup>3</sup> 1948 figures are subject to revision.

Life insurance business was transacted in Canada during 1947 by 48 active companies with Dominion registration, including 29 Canadian, 4 British and 15 foreign companies; one of these foreign companies was registered only for the acceptance of reinsurance. In addition to these active companies, there were 8 British and 4 foreign companies writing little or no new insurance, this business being confined largely to the policies already on their books.

The operations analysed in the tables of this Subsection, with the exception of Table 17, cover only those companies with Dominion registration and are exclusive of fraternal organizations and provincial licensees. However, as indicated in Table 12, their operations cover about 94 p.c. of the life insurance in force in Canada.

### 14.—Life Insurance in Canada by Companies operating under Dominion Registration, 1945-47
