Other expenditures.....	90,699	399,697	33,784	573,361	3,005,969
<b>Totals, Expenditures</b> .....	<b>804,196</b>	<b>1,598,749</b>	<b>426,906</b>	<b>2,269,512<sup>3</sup></b>	<b>17,043,125</b>
Cost per patient day <sup>1</sup> .....	3.80	5.55	5.37	7.24	4.43

<sup>1</sup> Perquisites, out-patient expenditures and non-operating expenditures deducted. <sup>2</sup> Includes all institutions operated by the provincial Division of Tuberculosis Control. <sup>3</sup> Includes \$77,121 to cover contracts for care of patients in units of other hospitals.

## Subsection 4.—Statistics of Federal Government Hospitals

Hospitals operated by the Federal Government are conducted for special purposes connected with departmental administration such as: care of war veterans and members of the Armed Forces, quarantine and care of immigrants and lepers, care of Indians, etc. Table 1 shows the number of such hospitals and Table 2 gives the bed capacities of these hospitals compared with those in other categories for 1948.

**Veterans Affairs Hospitals.\***—To replace outmoded buildings with modern fire-proof construction, the Department of Veterans Affairs opened a new mental infirmary of 260 beds at London, Ont., during 1950.

Progress was made on major construction projects at the Lancaster Hospital, Saint John, N.B., where new facilities are being provided and at Quebec city where a complete new hospital is under construction. Architectural plans were well advanced for the extension to Queen Mary Veterans' Hospital, Montreal, Que., and the Veterans' Home at Victoria, B.C. The latter is a 60-bed extension to the present hospital. Preliminary planning was proceeded with in respect to the 300-bed replacement at Winnipeg, Man., the 200-bed extension and replacement at Calgary, Alta., the 300-bed replacement at London, Ont., and the 250-bed replacement at Vancouver, B.C. Some preliminary studies were also carried out on replacement of the old St. Anne's Hospital, Ste. Anne de Bellevue, Que., and of Government House, the present Veterans' Home at Edmonton, Alta. The following institutions were closed during the year: Christie Street Hospital, Toronto, Ont.; Veterans' Home, Halifax, N.S.; and the Veterans' Home, Saint John, N.B.

Accommodation and movement of patients is shown by type of hospital for 1949 in the following table.

\*Revised by the Department of Veterans Affairs.
