<sup>1</sup> 1949 figures subject to revision. <sup>2</sup> Edible meat excluding offal. <sup>3</sup> Basis cold dressed carcass weight. <sup>4</sup> Includes edible offal of beef and veal. <sup>5</sup> Quantity small; included with beef. <sup>6</sup> Edible meat excluding fats and offal. <sup>7</sup> The positive changes represent deductions from the available supply during a given year and therefore are subtracted; similarly, negative changes represent an increase in disappearance. Where no changes are indicated it is assumed that stocks at the beginning and end of period were the same. <sup>8</sup> Estimated. <sup>9</sup> Includes rendered pork fat.

### Subsection 11.—Census Statistics of Agriculture

Summary statistics from the Census of 1941 dealing with agriculture are given in the 1945 and 1946 editions of the Year Book. Vol. VIII, Census of Agriculture, contains detailed information on farm population and workers, farm values and indebtedness, crops, live stock, occupied farms by size, tenure and type, farm facilities and expenditures.
