## Section 15.—The Blind and Deaf Population

Information under this heading from the 1951 Census was not available at the time of preparation of this Chapter. Statistics from the 1941 Census are given in the Year Book 1945, p. 126, and in greater detail in Vol. IV of the 1941 Census.

## Section 16.—Census of the Prairie Provinces

The Census and Statistics Act of 1905 and the Statistics Act of 1918 (replaced by the Statistics Act, 1948) provided for a census of population and agriculture for the Provinces of Manitoba, Saskatchewan and Alberta, to be taken in 1906 and every tenth year thereafter, in addition to the nation-wide decennial census.

The latest Prairie Province Census was taken as of June 1, 1946, and the results are summarized in the Year Book 1948-49, pp. 162-171, and in the Year Book 1951, pp. 130-132. More detailed information may be obtained in the census volumes of the 1946 Census of the Prairie Provinces.
